

Quick, simple, safe

S-CUT[®] XC-E

12-002RB

 Manufactured
in Sweden by
ES Equipment AB

An X-treme Cutter for every need

S-CUT XC-E, X-treme Cutter, has a bigger gap between the plastic support and handle than our other models. This makes it extra useful since it can manage cutting even in thicker fabrics and materials.

S-CUT is safe to use. Despite the extreme cutting ability the risk of cut injuries is almost non-existent.

S-CUT XC-E is available in four different colors.

S-CUT XC-E

Weight: 0,120 kg. **Length:** 210 mm.

Material: Powder coated water-cut aluminium.

Accessories: Wall mount and holster.

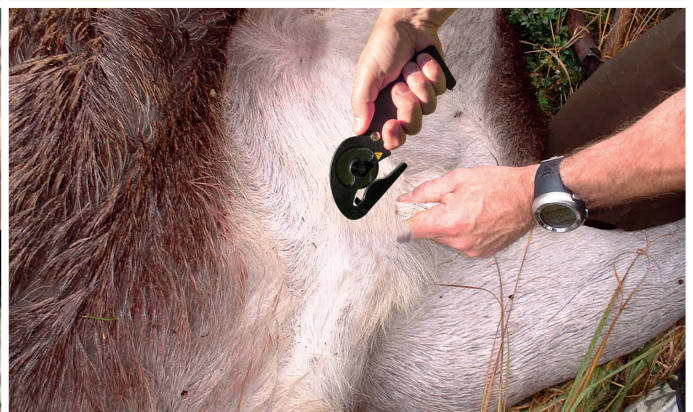

On the boat for emergency situations, cuts a tarp in a second.

In the stable and transport if your horse get stuck.

In construction sites for ground cloth.

In the forest – very useful for hunters.
